### **Nearly done.....**

If you have passed the church in the last month or so, you will have seen the remarkable difference in the brightness of the window on the east side of the church which faces the road. The panes of glass have been meticulously cleaned, and the light now streams in brightly. As one parishioner recalled, "It was like that when I was a child – letting in all the sunshine." There are now only two small windows to be finished.

The window is replaced bit by bit.....

## To think about.....

“Think what a better world it would be if we all the whole world had cookies and milk about three o'clock every afternoon and then lay down with our blankies for a nap. Or if all governments had as a basic policy to always put things back where they found them, and to clean up their own mess.

And it is still true; no matter how old you are when you go out into the world, it is best to hold hands and stick together.”

*(Robert Fulghum - All I Really Need to Know I Learned in Kindergarten)*
